

LOHR maintenance contract

Drive, load up - we take care of the rest!

If you have just purchased a new LOHR body and trailer and want the guarantee of an optimum maintenance plan, LOHR offers a customised contract adapted to your needs throughout Europe

What is a LOHR maintenance contract?

- Permanent management and monitoring of your fleet, taking into account your operational requirements
- A service providing preventive maintenance of your vehicles to keep them in perfect working condition
- Better management of contingencies and curative treatment
- The guarantee of optimum operation for the entire duration of the contract.

LOHR maintenance is made for you!

Why opt for the LOHR maintenance contract?

- A contract tailored to your needs according to your vehicle types, uses and routes.
- Controlled downtime
- Contract period adapted to your needs
- Guaranteed top quality preventive maintenance (excluding tyres)
- Coordinated resolution of breakdowns and malfunctions
- The fairest rates
- Traceability and vehicle monitoring taken care of for you
- The possibility to carry out work in over one hundred network garages throughout Europe
- A dedicated LOHR team to advise you.

What are the benefits for you?

- Proactive coordination of appointments, taking into account your operational requirements
- Scheduled operations as close as possible to your location (reduced mileage)
- Maximum productivity and operation
- Controlled, predictable maintenance costs with monthly payments smoothed over the year
- Higher residual value of the vehicle under contract
