

LOHR maintenance contract

Drive, load up - we take care of the rest!

You just acquired a new LOHR convoi and want the guarantee of an optimal maintenance plan?

LOHR offers you a customised contract tailored to your needs, throughout Europe with:

- A defined duration with and for you
- A rate adapted to the convoy model and its mileage
- A complete service, including maintenance (excluding tyres)
- The possibility to include regulatory technical controls.

Why opt for the LOHR maintenance contract?

- The assurance of an availability rate of 98% of your car carriers
- The support of over one hundred network garages throughout Europe to realise the maintenance
- The guarantee of convoys secured by continuous maintenance and the exclusive use of original parts
- The assistance and reactivity, in a preventive and curative way, of our dedicated teams.

What are the benefits for you?

- Anticipated and planned appointments taking into account your operational requirements
- Scheduled operations as close as possible to your location (reduced mileage)
- Controlled, predictable maintenance costs with monthly payments smoothed over the year
- Ensuring that the optimal value of the vehicle is maintained.
